

Aeroquip
FC234-06
Hydraulic Hose - Hose, R5

Product Specifications

Cover Material	AQP
Dash Size	6
Hose Family	SAE R5
Max Temperature (C)	150
Max Temperature (F)	302
Min Temperature (C)	-40
Min Temperature (F)	-40
Operating Pressure (PSI)	1500
Operating Pressure (bar)	105
Product Line	Aeroquip
Tube Material	AQP
Agency Listings: Government Specification	DNV, MSHA, USCG/MMT
Agency Listings: Industry Specification	SAE J1527, ABS
Burst Pressure (bar)	420
Burst Pressure (psi)	6000
Color	Blue
Description	High temperature fuel and oil
Family	Hose
General Application	Diesel fuel, gasoline, hot lube oil and water
Hose Base Number	FC234
Inside Diameter (in)	0.31
Inside Diameter (mm)	7.9
Min Bend Radius (in)	1.25
Min Bend Radius (mm)	31.8
Outside Diameter (in)	0.68
Outside Diameter (mm)	17.3
Reinforcement Material	Brass plated steel wire reinforcement, braided refractory insulation
Vacuum (inHg)	28
Vacuum (kpa)	94.8
Weight (kg/m)	0.37
